PROFILE

My name is Yan, I am 21 years old, I study and live in Minsk, I am originally from Gomel. I am currently looking for a job, so I will tell you a little about myself. I am looking for a job as a .NET developer, I am a 4th year student, before that I did an internship in one of the companies as an industrial/pre-graduate practice. Sometimes, I like to solve programming problems using algorithms. The rest of the information on technical skills is below, thank you for your attention.

WORK EXPERIENCE

OOO «Top Soft»

2024-25

Trainee/Junior .NET Backend Developer

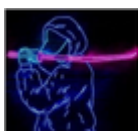

- Internship from the university as a junior developer or intern, good work experience, friendly team, mutual support and understanding, all this helped me move forward and conquer new heights.
- Development and support of a product for manufacturing automation.
- Teamwork, bug fixing, view page reworking, switching to other libraries.

ACHIEVEMENTS

- Development of software for accounting of expenses and incomes using MAUI.
- Development of a desktop audio format converter (flac-odd-wav-mp3) using Windows Forms and the NAudio user library.
- Development of a 2D platform in the style of one piece, using the C++ library SFML and a third-party map constructor.
- Emulation of a pressure analyzer on a polyhedral surface on Arduino Uno using the Tinkercad emulator
- Development of a software tool for accounting expenses and incomes using ASP.NET Core MVC
